U.S. Citizenship and Immigration Services

Non-Precedent Decision of the Administrative Appeals Office

MATTER OF I-N-, INC.

DATE: OCT. 16, 2017

APPEAL OF NEBRASKA SERVICE CENTER DECISION

PETITION: FORM I-140, IMMIGRANT PETITION FOR ALIEN WORKER

The Petitioner, a "technical solutions provider," seeks to employ the Beneficiary as a business analyst. It requests classification of the Beneficiary as a member of the professions holding an advanced degree under the second preference immigrant classification. *See* Immigration and Nationality Act section 203(b)(2), 8 U.S.C. § 1153(b)(2). This employment-based immigrant classification allows a U.S. employer to sponsor a professional with an advanced degree for lawful permanent resident status.

The Director of the Nebraska Service Center denied the petition and affirmed the denial in response to a subsequent motion to reopen and a motion to reconsider. The matter is now before us on appeal. Upon review, we will summarily dismiss the appeal.

An officer to whom an appeal is taken shall summarily dismiss any appeal when the party concerned fails to identify specifically an erroneous conclusion of law or statement of fact for the appeal. 8 C.F.R. § 103.3(a)(1)(v).

The Petitioner did not provide a statement in support of the appeal that specifically identifies an erroneous conclusion of law or statement of fact in the decision being appealed. We received a letter and evidence submitted to supplement the appeal filing. However, the supplemental letter recites the procedural history for the petition, motions, and the appeal, and lists evidence, without specifically identifying an erroneous conclusion of law or statement of fact in the decision being appealed.

Because the Petitioner has not identified a specific, erroneous conclusion of law or statement of fact in the Director's decision below, the appeal must be summarily dismissed.

ORDER: The appeal is summarily dismissed pursuant to 8 C.F.R. § 103.3(a)(1)(v).
