Non-Precedent Decision of the Administrative Appeals Office

MATTER OF G-M-C-P-S-

DATE: SEPT. 5, 2017

APPEAL OF TEXAS SERVICE CENTER DECISION

PETITION: FORM I-140, IMMIGRANT PETITION FOR ALIEN WORKER

The Petitioner, a public school district, seeks classification of the Beneficiary as an individual of extraordinary ability in education. *See* Immigration and Nationality Act section 203(b)(1)(A), 8 U.S.C. § 1153(b)(1)(A). This first preference classification makes immigrant visas available to those who can demonstrate their extraordinary ability through sustained national or international acclaim and whose achievements have been recognized in their field through extensive documentation.

The Director of the Texas Service Center denied the petition. The matter is now before us on appeal. Upon review, we will summarily dismiss the appeal.

An officer to whom an appeal is taken shall summarily dismiss any appeal when the party concerned fails to identify specifically an erroneous conclusion of law or statement of fact for the appeal. 8 C.F.R. § 103.3(a)(1)(v).

The Petitioner did not provide a statement in support of the appeal that specifically identifies an erroneous conclusion of law or statement of fact in the decision being appealed. On the Form I-290B, Notice of Appeal or Motion, the Petitioner stated that a brief or additional evidence would be submitted within 30 days of the June 6, 2017, filing date. However, to date we have not received a sufficient statement from the Petitioner. Instead, we have received correspondence from the Petitioner's attorney of record, indicating that the Beneficiary has departed the United States and the Petitioner considers the appeal moot. Because the Petitioner has not identified a specific, erroneous conclusion of law or statement of fact in the Director's decision below, the appeal must be summarily dismissed.

ORDER: The appeal is summarily dismissed pursuant to 8 C.F.R. § 103.3(a)(1)(v).
